Press Release- 9.9.19

Construction will begin on the new parking deck on south side of Medina City Hall Tuesday, September 3. The entire city hall lot, driveway access at east side of city hall, and the northern half of the parking lot between Sully's patio and Porter's Shoes will be fenced in and not available for parking throughout the deck construction project.

The remaining spaces in lot between Sully's patio and Porter's will be posted three hour parking limits for customers and visitors. Additionally, the entire corner lot at southeast corner of West Liberty and South Elmwood will be posted three hour parking for same purpose. City vehicles and city staff will not be permitted to use either of the aforementioned three hour lots.

The Municipal Court lot, 135 North Elmwood is also available during non-court hours-weekends, evenings after 4:30 pm, and holidays. City Utility drop box was moved to Municipal Court lot. We have also added 2 handicap spaces for city hall on paved portion at southeast corner of West Friendship and North Elmwood; as well as 15 minute customer spaces on West Friendship, alongside the Medina County Historical Society House.

The new deck construction will last until about May, 2020. If possible to get done sooner, weather permitting, we will.

We appreciate the public's patience and cooperation during this investment in our community. As a reminder, this project is being supported with a \$1m capital grant from the State of Ohio to support the activities and visitors that visit our community and support our local businesses.

Dennis Hanwell

Mayor/Safety Director

City of Medina
